

Preferred Access

XOJET Preferred Access™ is the only private aviation program that gives you priority access to a wholly owned fleet of super-mid-size and mid-size jets—while allowing you to lower your costs by only paying for flight features that matter to you. For more details, please call 877-769-6538 or visit www.xojet.com/preferredaccess.

What you get

- **Preferred access.** Get pay-by-the-flight priority access to XOJET’s Wi-Fi-enabled fleet of Challenger 300, Citation X and Hawker 800XP jets
- **Price optimization.** Lower your costs by paying only for options that are important to you
- **Flexibility.** Use your funds for all XOJET charter flights, including transcontinental fixed-price flights, as well as additional aircraft types available through XOJET’s preferred partners
- **Personal aviation consultant.** You’ll have a dedicated aviation consultant to help plan every detail of your flight, including catering, ground transportation and other services
- **A consistent experience.** XOJET owns our own fleet, so we can guarantee you superior service, safety and comfort—and Wi-Fi access on all of our jets.

How it works

- Set up an XOJET Preferred Access account with a value of at least \$100,000, fully refundable at any time
- To plan your flight, contact your dedicated aviation consultant to:
 - Define where and when you want to go
 - Define guarantees and options
 - Order catering, ground transportation and other in-flight services
- Your consultant will respond quickly with a range of flight options based on the specific parameters you define.

What you pay

Make a deposit of \$100,000 or more and we’ll contribute an additional 3% or 5%, an amount that you can use to pay for flight hours or other charges. When you fly, we simply deduct the amount of the trip from your account.

Deposit Amount	Bonus Credit	Dollar Value of Bonus Credit	Total Value
\$100,000	3.00%	\$3,000	\$103,000
\$150,000	3.00%	\$4,500	\$154,500
\$200,000	3.00%	\$6,000	\$206,000
\$250,000	3.00%	\$7,500	\$257,500
\$300,000	5.00%	\$15,000	\$315,000
\$350,000	5.00%	\$17,500	\$367,500
\$400,000	5.00%	\$20,000	\$420,000
\$450,000	5.00%	\$22,500	\$472,500
\$500,000	5.00%	\$25,000	\$525,000

How to optimize your price

Optimize the cost of each flight by choosing what matters to you on a flight-by-flight basis:

- Are you flexible in terms of your departure date and time?
- Do you need to fly into or out of a specific airport or FBO?
- If a weather issue occurs, how small a recovery window do you need?
- If more appropriate, would you fly one of our preferred partner's aircraft?
- Is your schedule likely to change at the last minute?

Depending on how you answer these questions, you can lower your cost of flying, while getting what you really want and need.
